Description

The "Change Password" feature in the College App is not functioning. When a user tries to change their password, tapping the "Change Password" button does not trigger any action.

- Open the College App.
- Go to **Profile / Settings**.
- Click on **Change Password**.
- Enter current and new password.
- Tap the **Change Password** button.

Expected Result:
Password should update successfully, and a confirmation message should appear.

Actual Result:
Nothing happens when the button is clicked; password remains unchanged.

- Device: Vivo V29
- OS: Android 15
- App Version: 1.0.4
- Network: Mobile Data
